CRIME STOPPERS USA

The program concept originated in Albuquerque, New Mexico in 1976, when a local police officer enlisted the assistance and support of local newspapers, radios and television stations to spread the word to the general public about a person wanted for a crime, offering a reward that led to the criminal's arrest and indictment.

Today, there are thousands of Crime Stoppers programs in communities around the world that take TIPS to assist police investigators in solving crimes including homicides, sexual assaults, drug trafficking operations and robberies, just to name a few. Programs have also received information that prevented school shooting and criminal acts by terrorist organizations.

Unfortunately, people with information about crimes are often reluctant to cooperate with the police because they are afraid of retaliation, they do not care enough to get involved or they do not want to testify in court. Their reluctance means that many dangerous criminals who should be behind bars, are still walking the street. Crime Stoppers resolves this problem by offering ANONYMITY to people who provide information and offering CASH REWARDS when the information supplied lead to an arrest.

The nationwide results of this program are quite impressive:

Arrests Made	1,092,106
Cases Cleared	1,683,358
Rewards Paid	\$137,708,539
Property Recovered	\$2,405,299,539
Drugs Seized	\$8,841,585,533
Total Recovered	\$11,246,815,071
